EARTH DAY 2021

Sunday, April 18, FCC will be acknowledging the primacy of safeguarding and protecting our planet and God's beloved creation during worship. Recalling that the first Earth Day began over 50 years ago, the first celebration brought together 20 million people nationwide. It is now celebrated globally in over 193 countries.

GREAT TED TALK

Atmospheric Scientist, Chris Davis, asks, "Can We Solve Global Warming?" His Ted Talk points out that over thirty years ago, a successful environmental treaty, called the Montreal Protocol, proved that the world could come together and take action on climate change.
